“ Steve was a special person who will be missed by his family and friends. I pray that the family and friends will hold those special memories each one has of Steve close and use those memories in working through the grief that we on Earth experience.

Steve and I shared a special bond that no one wants to share with someone. We were the last one left in our immediate family - losing our parents and siblings. I hope he knew how much it meant to me for him to worry about me.

I will miss seeing him riding around town with his little dog at the driver door window of his truck. I always would wonder if he was riding around for himself or to ride the dog.
